

NEW CITY CLUB NEAR 1,500 GOAL

225 More Members Will
Fill Set Quota of
Organization.

Approximately 300 applications for membership in the recently-organized City Club are waiting final action by the board of governors, according to officials of the club. In addition to this number, the club lacks only about 25 of its goal of 1500 members.

The holidays last week interrupted the regular routine in the enrollment of new members. The board of governors usually meets on Friday to pass on applications, but this meeting had to be called off on account of the Fourth of July. The board intends to meet this week and pass not only on the pending applications but also upon those which will be reported at the semi-weekly luncheon of the membership teams to-morrow afternoon at 12:30 o'clock at the Commercial Club, Farragut Square.

The membership teams are continuing their enrollment work at a steady and leisurely pace. No effort is being made to speed up the work, as club officials think that a thorough investigation of the qualifications of each applicant should be made in order to maintain the high standing of the membership.

Every person of good character and high community standing is eligible, and these liberal qualifications make it doubly necessary that careful consideration be given each name.

ST. JOHN'S DRIVE ENDS THIS WEEK

Committees Will Scour City
To Bring Success in
\$150,000 Campaign.

Today marks the beginning of the final week of the St. John's College extension campaign for \$150,000.

Workers assembled yesterday and received their final instructions which it is hoped will result in the raising of the quota of the sum during the next seven days. Subcommittees were named yesterday to take up the matter of subscriptions with banks, business houses, the trades and professions and this puts the whole matter on a better basis than at any other time since the drive for the fund was started.

The Rev. Brother Tobias, who founded the college fifty-four years ago, has written from his present station at Annapolis, Md., urging an immediate and general response, and the promoters feel that this will bring further offerings from many students who were in the founder's classes during his connection of more than twenty years with the college.

John F. Ryan, 2215 Thirty-fifth street, was the first to recover a free scholarship dropped from an airplane by a former student of the college in a flight over the city earlier in the week. Ryan appeared at headquarters early yesterday with the announcement that he will avail himself of a course of two years in the commercial section of the college as soon as it opens in the fall.

MRS. GRACE STORTY ASKS FOR DIVORCE

Mrs. Grace B. Storty filed suit for absolute divorce yesterday against Richard Storty.

The wife charges misconduct and names a co-respondent. The couple were married at Marlboro, Md., in October, 1917. Attorney Joe C. Brown appears for the wife.

FILE ORIGINAL WILLS OF MORTON'S WIDOW

The original wills of Mrs. Anna L. Morton, wife of former Vice President of the United States, Levi P. Morton, have been filed as a matter of record in the office of the Register of Wills.

Later wills than these were filed soon after Mrs. Morton's death, and it is these that have governed the disposition of her estate.
